**Overall Inspection Comments**

I stopped and informed the Person In Charge that they were still operating without a permit and had ceased dealing with our office to obtain a Health Permit for their facility - whether they need one for wine tasting or not - and that if they did not proceed with the permitting process I would have to close the facility in twenty-four (24) hours. The Person In Charge was uncomfortable with my communicating with her, so I drove to the owners restaurant and spoke to him directly - he stated he would contact my office and take care of it.
